

Congratulations Victoria Gallington

At our annual Mid Winter Christmas function, held at Chateau on the Park, Victoria's hard work was recognised when she was presented with the National Diploma in Employment Support by Linda Ngata of the Social Services Industry Training Organisation "Te Kaiāwhina Ahumahi".

Victoria, with the support of the Management and Board of Vision and funded by VASS (NZ Federation of Vocational & Support Services), commenced study for this Level 6 Diploma in September 2007, completing all 124 credits in May 2008. This equates to 1,240 study hours, a marathon effort.

In achieving this honour, Victoria has become the first person in New Zealand to graduate with this diploma, leading the way for others to follow.

Victoria is currently studying to become an assessor so she can help others to study and complete the Diploma.

A great achievement Victoria, well done
